Laura Scott and Ella Anderson, two colored women, were arrested by Policeman Jones yesterday afternoon, on a warrant sworn out by Sallie Harris, who is also of African descent. Sallie charges the two women with cursing and abusing her, and with making all sorts of evil threats aginst her. It seems that Sallie lives near Laura Scott, and Laura Scott lives just across the street from Sallie. To be more precise, as Sallie explained it, they both live across the street from each other. Sallie went over to see Laura yesterday afternoon, and, of course, a discussion about their respective sweethearts was in order. One word brought on another, and finally the scene grew exciting. Evil words reigned supreme, and then the fight began. Sallie was terribly worsted, and bringing with her several witnesses, and claiming that she had been terribly beaten at the hands of the two women named in the warrant. Ella Anderson claimed
